TO RELOCATE SECTION OF HIGHWAY NO. 3.

At a meeting of the Commis-
sioners' Court of Medina County, Mon-
day, March 21st, to consider the mat-
ter of re-locating a section of State
Highway No. 3 between D'Hanis and
Sabinal, the following resolution was
adopted by the Court:

"Be it resolved by the Commis-
sioners' Court of Medina County,
Texas, in regular session met, that
this Court will sign a contract with
the State Highway Department to
purchase necessary right-of-way for
the proposed change of State High-
way No. 3 in Medina County, Texas,
beginning at a point about 1500
feet, more or less, west of Seco
Creek on present Highway No. 3 and
extending westward to the Medina-
Uvalde County line."

A motion made by Commissioner
Koch and seconded by Commissioner
Bader that Medina County through
its Commissioners' Court shall limit
all purchases for State Highway
right-of-way to required widths and
such easements as are necessary for
proper drainage of such right-of-way
as purchased. Motion carried unani-
mously.

The proposed change will place the
Highway on the south side of the
railroad track and in almost if not
a straight line from D'Hanis to Sa-
binal, eliminating several bad curves
as well as the underpass just west of
the Seco and the grade-crossing in
Sabinal. It will also shorten the dis-
tance something like two miles.

MEYER-HANNA.

Dr. Walter Benjamin Meyer, sec-
ond son of Dr. and Mrs. H. J. Meyer
of Hondo, and Miss Betty Brown
Hanna, daughter of Mr. and Mrs. P.
D. Hanna of College Station, were
united in marriage in a simple cere-
mony at 12:30 o'clock p. m. Sunday,
March 20, 1938, at the home of the
bride's parents in College Station.
Rev. Anderson of the Presbyterian
church officiated. Only the immedi-
ate members of the family were
present.

The bride wore an ensemble of
navy blue sheer, with a lace blouse
in the new rose shade, and her ac-
cessories were navy blue and rose.
An old-fashioned nosegay of white
carnations and white geraniums was
worn at the waist.

The living room, where the mar-
riage vows were given, was adorned
with vari-colored snapdragons. In
the dining room, where a buffet
luncheon was served, the table was
laid with a lace cloth, decorated with
a centerpiece of white carnations
and white geraniums, and held the
bride's cake, a white confection em-
bossed with white rosebuds. Mrs.
Hanna, assisted by her two daugh-
ters, served.

Dr. and Mrs. Meyer are at home
in Hondo in the T. McClaugherty
residence on Center Street.

Mrs. Meyer is a graduate nurse,
having received her training at the
John Sealy School of Nursing in Gal-
veston. Dr. Meyer, since his gradua-
tion from Tulane University at New
Orleans and his internship at Robert
B. Green Memorial Hospital in San
Antonio, is associated with his father,
Dr. H. J. Meyer, here in Hondo.

Those from here who attended the
wedding were Dr. and Mrs. H. J.
Meyer and Miss Mary Elizabeth
Meyer, and Hugh Meyer of Austin.

Mrs. H. J. Meyer and Miss Meyer
are honoring the bride with a tea
from four to six o'clock Tuesday af-
ternoon, March 29, 1938.

LOCAL HOLY NAME SOCIETY TO OBSERVE SILVER JUBILEE.

The Holy Name Society, men's
organization of St. John's Catholic
Church of Hondo, will celebrate its
silver jubilee this week-end, March
26th and 27th, with appropriate
ceremonies. The principal speaker
for the occasion is Rev. Alexander
Chapoton, C. Ss. R. of San Antonio.

The Holy Name Society has a
glorious history and tradition of over
500 years. It is organized and
liberal to avert a dire plague and
for the purpose of teaching the people
reverence and love for God's Holy
Name. Locally, the Society was or-
ganized in Hondo in 1913 and the
diploma of aggregation was received
from Rome the following year. The
need for this organization in our
days is apparent as there is none in
our country which leads us to respect
God's Holy Name as much as this
society. There is no other society
that helps us counteract indifference,
irreligion and even scoffing which
becomes apparent in our days, and
which has become a menace especial-
ly to our young people.

For this occasion the Holy Name
men of this community call upon all
to join in the 25th anniversary cele-
bration next Sunday, and call espe-
cially upon the young men to join
their society.

Mr. and Mrs. James Bailey and
Bradley Bailey left Tuesday for
Brackettville where they will make
their headquarters while the young
men are employed in drag-line work
in Kinney County.

OH, FOR ANOTHER ST. PATRICK!

MRS. L. L. DAVIDSON BURIED.

The body of Mrs. Frances David-
son, mention of whose death was
made in last week's Anvil Herald as
having occurred at Auburn, Ala-
bama, arrived here Saturday after-
noon, March 19, 1938, on the west-
bound passenger train. Funeral ser-
vices were held at the Horger fune-
rial chapel at five o'clock and inter-
ment made in the family plot in
Oakwood cemetery. The services
were conducted by her former pas-
tor, Rev. Edmund Heinsohn of the
University Methodist Church, Austin,
Texas, of which she was a member.
He was assisted by Rev. W. S. High-
smith of the local Methodist church.
The pall-bearers were: Roland Chan-
cey, Walter McClaugherty, Henry
Crow, Henry Merriman, Will Hollo-
way and John A. Horger.

Mrs. Davidson was 74 years of
age at the time of her demise. Many
years ago she was married to the
late L. L. Davidson. To them were
born three children. One son died
in his early manhood. Two daugh-
ters survive. They are Mrs. J. W.
Scott of Auburn, Alabama, at whose
home she died, and Mrs. Banks Mc-
Laurin of Austin, Texas. Two step-
sons, Rev. A. B. Davidson of Belts,
Texas, and Dr. Norman Davidson of
Raymondville, Texas, also survive.

The late L. L. Davidson was a suc-
cessful hotel man and on two occa-
sions conducted the Armstrong Ho-
tel in Hondo. Here his family made
many friends. Upon the death of
their son, his remains were buried in
Oakwood cemetery. Later the father
died and was buried by his side. Now
the wife and mother sleeps nature's
last sleep beside those she loved so
well.

This paper joins in sympathy for
those who mourn their loss.

MISSIONARY MEETING.

Mrs. J. W. Uibrich entertained the
Woman's Missionary Society in her
home Monday afternoon, assisted by
Mrs. Barnitz Carle. Seventeen
guests enjoyed the hospitality of
Mrs. Uibrich.

Mrs. Theo. Barnes as leader, with
her helpers, made the program very
interesting, the subject being "Meth-
odist Women Building Their Own
Communities". The study of the
book, "Rebuilding Rural America",
was begun last Thursday, and the
class will continue to meet each
week until the study is finished. Miss
Lenora Schmidt, our Superintendent
of Supplies, urged that articles, gar-
ments or cash be sent to her home
by Friday, March 25th, for the box
to be sent to our Wesley House in
San Marcos.

The names of our new members
for this quarter are Mrs. S. O.
Woolfs, Mrs. Ashbel Gilliam, Mrs.
Pailey Rogers and Mrs. Grafrod
Rogers.

The Missionary Bulletin was pre-
sented by the Superintendent of
Publicity.

Our president, Mrs. O. A. Fly,
made some interesting remarks con-
cerning the Missionary Conference
which is to be held in Corpus Christi
on April 5th to 8th. Mrs. O. A. Fly
and Mrs. W. S. Highsmith were elect-
ed delegates to the conference.

Mrs. Uibrich and Mrs. Carle served
delicious refreshments consisting
of ice cream and cake, and a very
delightful social hour was spent.

CARD OF THANKS.

For the many acts of kindness ex-
tended my wife during her long ill-
ness, for the many tokens of love and
respect at her funeral, and for the
sympathy so generously extended me
in my great loss and sorrow, I am
profoundly grateful to each and
every one.

Yours in sorrow,
FRANK KILLOUGH.

MRS. FRANK KILLOUGH DEAD.

After several months of protract-
ed illness death came to relieve the
sufferings of Mrs. Frank Killough
on Sunday, March 20, 1938, at her
home near Hondo. Her remains
were buried in Oakwood cemetery on
the afternoon of the following day,
Rev. W. S. Highsmith, pastor of the
local Methodist church, assisting El-
der Calvert H. Wiley of Prospect
Hill church of San Antonio, in con-
ducting the funeral service at the
Horger funeral chapel and at the
grave. The pall-bearers were: C. C.
Harlee, Jack Sharp, Walter Mask,
E. C. Taylor, W. C. Scott and Rollie
Bless.

Ethel Lettie Crabtree, daughter of
Mr. and Mrs. L. H. Crabtree, was
born in Hondo on December 4, 1887.
Her childhood and young woman-
hood were spent here, and on Janu-
ary 23, 1913, she was happily mar-
ried to Frank Killough. She joined
the Christian church in 1903, at the
age of sixteen years, and lived a
sweet consecrated life until death.

Mrs. Killough leaves to mourn her
loss her husband, Frank Killough;
her aged mother, Mrs. L. H. Crab-
tree; two sisters, Mrs. John C. Mer-
riman of Hondo and Mrs. Everett
Bunch of Somerton, Arizona; and
two brothers, Stanley W. Crabtree
and Estes A. Crabtree, both of Cal-
ifornia. Several nieces and nephews
and a host of friends also mourn her
untimely passing.

This paper joins in the general
sympathy for those who sorrow.

FIRE COMPANY ELECTS.

At the annual election of officers of
the Volunteer Fire Company on
March 17th, all old officers were re-
elected for the ensuing year as fol-
lows:

R. J. Reilly, President.
L. A. Mechler, Chief.
Alfred Breiten, Assistant Chief.
Marvin F. Schweers, Secretary.
Robert Kollman, Treasurer.

The fire company is now well
drilled and in a fine state of morale,
responding to all calls with a prompt-
ness that is gratifying to the public.
The equipment is kept in a good con-
dition and ready at all times for im-
mediate service. Of course new ap-
paratus is constantly in need for re-
placements and for enlarging the ef-
ficiency of the service. Seven hun-
dred feet of new hose were purchas-
ed last year. Also, the fire house
was repaired and painted.

There were collected from various
sources last year \$524.60. There
were spent for various expenses
\$452.04. This left a balance on
hand of \$71.56.

STUPID & STUBBORN

By Clayton Rand.

It's a strange travesty on Ameri-
can business that there are still
merchants who are trying to
peddle their wares without the
use of any advertising.

They can count noses in any
community and see that those
businesses that have prospered
and longest have been its best
advertisers.

They can re-visit the graveyards
of business and read the mark-
ers to commercial bankrupts
and business suicides, and easily
learn that, next to mismanage-
ment, lack of intelligent adver-
tising caused the greatest mor-
tality.

Twenty years ago this scribe
was of the opinion that mer-
chants who didn't advertise were
STUPID—he has now decided
they are both STUPID and
STUBBORN.

OUR WILDLIFE HERITAGE.

J. W. Chapman,

When our forefathers first came
to Texas they found a land teeming
with wildlife. Our streams and rivers
were flowing with clear, sparkling
waters, the abode of the trout, bass
and perch. Our prairies were dotted
with migrating herds of buffalo. Our
far-western plains were spotted with
multitudinous herds of antelope. The
wooded lands of our Hill Country
were filled to overflowing with a
seemingly inexhaustible supply of
deer and wild turkey while certain
sections of our forest lands and some
of our mountainous regions afford-
ed protection to two or three species
of bear.

Our feathered friends were so
numerous that they awakened won-
der in the minds of those hardy pio-
neers who became our forefathers.
Extending from the Panhandle to the
Gulf of Mexico and covering the
eastern portion of the State, the
drumming of the prairie chicken
could be heard for miles in the clear
air of a summer's day. The tremen-
dous flight of the wild pigeon has of-
ten been told. In the late afternoon
and continuing for hours the skies
would be darkened by the flight of
these birds going to roost, while the
limbs of trees would be broken by the
weight of them when they had set-
tled for the night. Those who tell
of these flights say they numbered
"countless thousands". Through the
spring and summer and into the au-
tumn, the ringing call of the Bob
White quail surrounded the settle-
ments of these pioneers of ours and
made a pleasant, homey dwelling in
the wilderness for many a housewife.
In the winter months, the flight of
ducks and geese marked the skyway
lanes of these migratory birds. Truly
our forefathers—those rugged pio-
neers of three generations ago—
seemed justified in concluding that
Texas was a land of inexhaustible
wildlife resources.

HONDO, TEXAS, MARCH 25, 1938

WASHINGTON SNAPSHOTS.

By James Preston.

The opinions here expressed are Mr. Preston's own and not necessarily those of this paper.—M. E.

WHY THE CONSTITUTION.

Something over eight months ago, a German citizen, the Reverend Martin Niemöller, an outstanding anti-Nazi Protestant pastor, was arrested in Berlin because of his outspoken opposition to the dictatorship of Adolph Hitler.

Later he was found guilty of the "crime" of having discussed and criticized government measures from the pulpit. He was sentenced to seven months in prison and a substantial fine. Because he had been in prison for a longer period awaiting trial than that to which he was sentenced, he was set free. But he was immediately arrested by Secret Police and without trial was sent to a prison concentration camp.

All too often we take our own Constitution and the rights it gives us too lightly.

In contrast to Germany, the Reverend Niemöller under the protection of the American Constitution would in the first place never have been arrested for criticizing the government or its acts; he would not have been held for eight months awaiting trial and then upon his release could not be arrested and sent away to a prison camp without trial. All because such things are forbidden by our Constitution.

Truly, we take too lightly this document which guards our every right as Americans.

—WS—

It is still pretty early for talk of adjournment around the Capital City but there are definite indications already that an early curtain is in prospect for this session of the seventy-fifth congress.

A quiet canvass has just been made in both houses and June 1 seems to be the deadline set by most members, with May 1st a long-shot bet and May 15 a strong possibility.

To clear the board—barring any new legislative proposals from the administration's leaders—the members have only to dispose of the tax and relief bills, the big navy measure, three big departmental appropriation bills, the long-disputed wage-hour proposal and the rather ambitious plan of the administration to reorganize several branches of the national government.

—WS—

Behind the desire for an early adjournment, of course, is the hard campaigning faced by most of the members before the polls open next November.

If necessary, many observers believe Congress may let some of the more bitterly fought legislative proposals slide until the next session. That would be more expedient than losing valuable time away from respective election districts.

—WS—

The press gallery spectators are telling a story about a certain southern congressman who has hit upon a new way of "impressing" the folks back home.

He asked permission to extend his remarks in the Congressional Record—a privilege meaning that his prepared "speech" could be printed in the record without actually being delivered. But before sending his speech to the printer he carefully inserted no less than eleven notations of "applause". That is to indicate that his "speech" was "interrupted" that many times by "applause" as he "addressed" his colleagues.

—WS—

There is nothing in the regulations governing the conduct of government department heads if they wish to show their anger at newspaper editors by sending telegrams or letters. But by official ruling of the Comptroller General's office last week, it

isn't up to the taxpayers to foot the bill.

The ruling was made in connection with a 3,676-word telegram sent by a WPA official to a newspaper editor whose paper had castigated the WPA on several counts. The telegram had been charged up to government expense but the Comptroller General refused to approve payment.

(It's this "watch dog" branch of the government that the administration seeks to abolish through passage of the reorganization bill.)

NOBODY'S BUSINESS

By Julian Capers, Jr.

(The opinions here expressed are Mr. Capers' own and do not necessarily represent those of this paper.—M. E.)

Austin, March 22.—Intensive preparations for a bitterly fought campaign between Ernest O. Thompson, railroad commissioner, and William McCraw, attorney general, for the office of Governor of Texas were under way here this week, following clarification of the confused situation which resulted from Gov. Allred's silence as to his intentions in regard to seeking a third term. Declaring that he did not "want or intend" to dictate his successor, the Governor renounced the third term proposal in a radio speech which reviewed the accomplishments of his two terms, and was lacking completely in the bitterness which characterized his recent exchanges with McCraw. He declared his intention of practicing law in Austin when his term expires, but Allred backers here declare the "deal" for a Federal judgeship for the governor is still "on", and they still believe he will get the \$10,000 a year life-time Federal post before Congress adjourns.

Allred's withdrawal, predicted in this column, since 10 days after he sent up his "trial balloon" last fall, resulted from a conviction that he could win only by an almost superhuman effort, and the belief that his entrance into the battle would almost certainly divide the anti-McCraw strength, and elect the attorney general, whom he has bitterly opposed.

Thompson Forces Ready

The forces backing Ernest Thompson have been held closely in check during the last few weeks by the canny Colonel's advisors, permitting the McCraw candidacy to gain large headway. Thompson always has been a believer in a short, intensive campaign, instead of a long-drawn-out effort, as resulting in a much better timed "peak"; while McCraw's technique has been the opposite—a campaign that has been carried on almost continuously since his second election as Attorney General.

Next Legislature

Both gubernatorial candidates have indicated endorsement of the economy in government sentiment which has gained such wide headway in Texas this year, as a swingback from the "more taxes" slogan which characterized every session of the Legislature during the two Allred administrations. Indications, gathered from a study by this correspondent of the published platforms of candidates for the House of Representatives throughout the State are that the 46th Legislature will be much more conservative in tone than the 45th, and that taxation is going to prove very unpopular. Two years ago, there was at least one candidate in almost every Representative district advocating "pensions for everybody over 65", and promising to tax natural resources, or some other line of business or industry, to pay the bill. The futility of the State attempting to raise \$50,000,000 or \$60,000,000 a year to pension people whether in need or not, apparently

has sunk in on a lot of taxpayers during the last two years, as the pensions problem has been aired in debate, and "pensions for everybody" candidates are as scarce as hen's teeth this year. Most of the legislative candidates are seeking to climb upon the "economy in government" bandwagon, manned by the gubernatorial candidates, while others are talking generalities such as "full time representation for this district", "abolition of useless bureaus and commissions", "aid for better rural schools", and similar nice-sounding phrases.

Issues Forthcoming

Of course, the issues in the gubernatorial race will be made by the candidates, and their platforms should be out within another week or two. The most of the attention of the voters, naturally, will be concentrated upon the fiery individuals who seek the highest post—but actually, the Governor of Texas enjoys little power to formulate legislation. It is the boys in the House of Representatives and the State Senate, who get mighty little attention, during campaigns, and whose views the voters take mighty little trouble to find out about, who chart the course of the Ship of State, to a very large degree.

Graves Attacked

The Court of Criminal Appeals, when it hands down its decision in the matter of the eligibility of Harry N. Graves, of Georgetown, to serve as a judge on that court, which was submitted after argument last week, is expected by best-informed lawyers here, to rule Graves' appointment constitutional. The question hinges on whether the former Williamson Co. representative, who voted to increase the pay of the judges, is barred from appointment under a Constitutional provision. Insiders here say Governor Allred informally consulted Justices of the Supreme Court

and Judges of the Court of Criminal Appeals before he made the appointment, and received informal opinions from them that it would be upheld. Austin lawyers have expressed admiration for the outstanding fairness of Graves' opinions, since he took his seat on the bench, particularly in liquor cases. Graves was a crusading prohibitionist and a dry throughout his service in the Legislature, but his political convictions, the lawyers say, have apparently had no bearing upon his judicial findings.

Red Coral Always Prized

It is red coral that is and always has been prized, not solely for jewelry and buttons, but as a charm to bring safety, health and secrets not revealed to the ordinary person. As ancient Gauls rushed headlong into battle, they trusted their safety to their swords, strength and the "magic" coral imbedded in their shields or helmets. Many Italians and Indians regard coral as protection against the "evil eye." The world's red coral comes from the reefs off the Mediterranean coast of Africa, says the Washington Post, and is obtained chiefly by Italians.

OWLETS STUDENTS TO ATTEND MUSIC MEET

PUBLIC SCHOOL NEWS ITEMS FROM THE OWL.

High School Baseball Is Revived by Newspapers

After the almost fatal blow dealt high school baseball this spring, when it was announced that there were not enough teams listed to allow participation in a championship game, the great American game is slowly rising to its feet.

Several metropolitan newspapers have taken it upon themselves to sponsor columns on their local sports pages.

Wibur Evans, writer for the Austin Times, wrote a column on the necessity and desire for a State Baseball race which has been abandoned for several years.

If such a race would take place it would be held in the form of a tournament held in Dallas.

Other towns besides Dallas that would probably be included in the playoff are: Austin, Hondo, Temple, Ft. Worth, and Galveston.

Towns in the Rio Grande Valley section have definitely planned a league and if the money proposition doesn't hinder them, they will probably send the Valley Champions to compete.

The following letter was received by Mr. J. G. Barry, coach of the Hondo Owls Baseball squad, from William "Uncle Billy" Ditch, famed coach of the Texas Longhorn baseballers.

Dear Coach Barry:

I am sure you will be very much interested in clipping inclosed. This is a step in the right direction and I hope Mr. P. C. Cobb and the Dallas Amateur Commission will meet with the deserved success their efforts merit.

I think all high school coaches interested in what Mr. Cobb and the Dallas Amateur Commission are trying to do to boost high school baseball should show their appreciation and interest by writing Mr. Cobb to that effect. May I ask that you write Mr. Cobb?

George White, sports writer of the Dallas News, has been working for the last three years to bring about a high school championship in baseball and I have tried to help him as much as possible by writing articles for his sports column on the subject. I really believe we are going places and I hope Mr. Cobb and the Dallas Amateur Commission will be able to put their proposition this season. If so I am sure interest will continue to grow and a championship in high school baseball will become a permanent thing.

I haven't forgotten your request for a couple of games of baseball with our freshman team and shall speak to Coach Price about this matter and have him write you.

Yours sincerely,
Wm. J. Ditch.

Hondo Places First In Four County Meet Events

Since it was impossible to get all the results of the county meet literary events, this story will be continued in next week's issue of The Owl, giving a complete list of contestants and the results.

Fourth and fifth grade spelling: Hondo—first (Dorothy Lee Grell, seventh, and Margaret Woolls, sixth).

Senior spelling: Devine—first; D'Hanis—second; LaCoste—third; Yancey—fourth.

Hondo—fifth (Mildred Van Fleet, ninth, and Josephine Dawson, tenth).

Typing team: Devine—first; Hondo—second (Frances Ruth Fly and Patricia Ney); D'Hanis—third; Individuals—Devine first and second.

Hondo third (Patricia Ney) and fourth (Frances Ruth Fly). The three highest individuals will go to the district meet at Pearsall, April 2.

Picture Memory: Devine and D'Hanis tie for first; Hondo—second. Contestants, Jim Amberson, James Duderstadt, Mason Hairston, Don Peters, and Jimmie Rogers.

Choral singing: Hondo—first; Natalia—second.

Story Telling: Hondo—first (Henry Holloway); Devine—second; Natalia—third.

CRYSTAL CITY SCENE OF FIRST DISTRICT AFFAIR

A district music contest will be held for the first time, at Crystal City, Texas, next Friday, March 25.

Hondo will enter ten of the sixteen individual contests offered. The rules for this contest are: an entrance fee of five dollars, and an additional twenty-five cents for each contest entered must be paid; only high school students are eligible for vocal contests and the chorus can be no less than ten or more than twenty-four in number; required selections must be used.

The judges, who will be selected from out of the district, will make their decisions in the vocal contests on the following: attack, release, stage etiquette, breath, interpretation, diction, tone quality, and pitch.

The following are the students entering and the required selections: Soprano solo—"Homing" by Teresa Del Riego, Betty Jean Merriman; Alto solo—"The Rosary" by Nevin, Ruth McWilliams; Baritone solo—"Carry Me Along" by Stephen F. Foster, Charles Finger; Tenor solo—"Just A Cottage Small By A Waterfall" by Hanley, Leslie Earl Holloway.

April Fool's Day, Friday, April 1, is the date which has been selected by the journalism class for publishing its extra special, de-luxe, super colossal fun sheet of the year.

Since the editor has the most authoritative position on the staff, candidates for editorship were nominated by members of the Journalism class, LaVern Ulbrich, Jack Fitzpatrick, Frances Ruth Fly, and Kathleen Reilly being the candidates nominated.

Votes for the candidates will be determined by the number of subscriptions each is credited with. Only those subscriptions that have been paid previous to April 1, will count as votes.

High School Student Represents Hondo In Cowboy Rodeo

Miss Wanda Redmond, Hondo High School student, was selected as princess to represent Hondo at the Cowboy Rodeo, which was held at Cotulla last Saturday, March 19.

Wanda wore a black and rust riding habit and rode a black pony for the two performances, one at 2 o'clock in the afternoon and the other at 8 o'clock Saturday night.

The other representatives were from Devine, Sabinal, Big Wells, Uvalde and Crystal City. The queen and two duchesses were from Cotulla.

Bands from Crystal City, Cotulla, and Devine furnished the music while the crowd was entertained by the Rodeo, in which cowboys from different towns of South West Texas took part.

High School Sextette Sings for Church Program

The Hondo High School Sextette, accompanied by Mrs. C. D. Sadler, sang at the Hondo Methodist Church last Sunday night at seven-thirty. Their selection was "Come Unto Me". The members of the Sextette are Betty Jean Merriman, Zonie Taylor, Frances Ruth Fly, Kathleen Reilly, Susie Muennink, and Ada Bell Carter. One member, Zonie Taylor, was not present.

Miss Frankie Wiley, fourth grade teacher, sang a solo, "Come Blessed Redeemer".

Reverend J. J. Mason, Presiding Elder of the district, delivered the sermon.

PTA To Sponsor Father's Night Program

Father's Night, an annual affair sponsored by the Parent-Teachers Association, will be held at Hondo High School next Tuesday, March 29, at 7:45 P. M. The program will be given by individual organizations, each being responsible for a five minute entertainment.

The grammar grades, from the first to the seventh inclusive, as well as The Owl Staff, Future Farmers of America Chapter, Home Economics Department, Choral Club, and Science Club, will be represented on the program. The Yancey Rhythm Band, under the direction of Miss Dorothy Brooks, will also give a five minute entertainment.

A Hobby Table, displaying hobbies of students, will be a new feature at Father's Night this year.

After the program, parents will visit the home rooms of all the grades where there will be exhibitions of the work being done by each class.

Headquarters Downed By Hondo's Fourth Frame Rally

Climaxed by pitcher Leslie Earl Holloway's circuit with the bases clogged, Hondo's baseball hopelessly scored an 11 to 9 victory over the hard hitting Headquarters squadron from Randolph field on the local's diamond last Thursday.

The usually steady fielding fliers had two bad innings before they settled down and started the task of overtaking the Owls. This feat was not deemed as impossible as Hunt, first enemy slugger, clouted one of Holloway's pitches for four bases. After getting Finney and walking Langly, Leslie served another fence ball to Mitchel and went to the showers. Clinton Hartung erred to give Hightoner a life, but Teague, heavy hitting catcher, hit into a double play to end their score.

The Class will visit the Alamo, the Governor's Palace, Concepcion, San Jose and other missions.

Since the class has been studying about the Alamo, the trip will prove to be educational and also interesting.

Those going are Evelyn Knopp, Anna Laura Renken, Wanda Redmond, Jack Fitzpatrick, David Williams, Juanita Dawson, Evelyn Haegelin, Burleigh Smith, LaVern Ulbrich, Zonie Taylor, Elgin Wiemers, Monroe Rucker, Henry Stiegler, Eva Earnest, Glen Pope, Henry Schuehle, Dorothy Mae Moore, Georgia Mae Muennink, Jeanette Stiegler and Howard Haby.

OWLS ROUT RANDOLPH 53RD IN 8TH INNING SCORING SPREE

Having their usual one big inning, the Hondo Owls humbled the 53rd squadron by a 16 to 9 count on the local diamond last Friday.

Muriel Knox led the winners at the bat with a home run with two on base, a triple, and two singles. Flanagan, with a triple and single and Privette with a home run and double, led the clouting for the opposition.

The Owls used four pitchers, ending up by using Ep Finger, their ace moundsman, in the ninth to check the enemy batsmen.

Defeated, Hondo Partially Recoups In Tennis Tangle With Sabinal

County Meet Sports In Devine Saturday

Breaking a long standing precedent, the Medina County Interscholastic League Meet is being held in Devine this year. For many past years it has been held in Hondo, but this year only tennis was held on the Hondo courts. The literary division of the meet was held in Devine last Saturday, and the sports, including track and field, playground ball, and volleyball, will be held in Devine next Saturday, March 26.

Starting at 1:30 P. M., junior boy's track and the preliminaries and finals in senior high jump, pole vault, and broad jump will be held Saturday afternoon. The finals in senior track are to start at 8 P. M. with the events coming in the following order: 120 yd. high hurdles, shot put, 100 yd. dash, 440 yd. dash, javelin throw, 220 yd. low hurdles, 880 yd. run, 220 yd. dash, 1 mile run, and the mile relay, which is scheduled to start at 10:30 P. M.

Hondo, the defending county track champion, is favored to win the track meet, but will be hard pressed to do so by Devine, and Yancey, as well as the other towns who will have more individual threats and less of a team threat for the Owls.

Owls Come Through With 8 to 3 Win

Jumping to an 8 to 1 lead in the first three innings, the Hondo Owls broke into the win column at the expense of the 47th Squadron from Randolph Field on College Square Wednesday.

The flyers slowly picked at the big lead but were unable to pull up into a threatening distance as most of their hits went for naught.

The Owls made their knocks count, in the first inning John Henry Jennings popped one over the fence after an error and a walk had given Muriel Knox and Clinton Grell each a "life". In the second stanza an error and two walks attributed two more runs to the Owl's cause.

The score by innings and batters were:

R. H. E.
47 Squadron.....600 110 001 3 9 5
Hondo.....323 000 000 8 5 3

Defeating Hondo last Wednesday and Monday, Sabinal won the senior boys singles, senior girls doubles, junior boys singles and doubles and junior girls doubles.

Hondo won the senior and junior girls singles.

Visiting Sabinal again last Monday, Hondo did better. The results were as follows: "Nonnie" Jennings and Meyer Morris were defeated in doubles by 8-6, 6-4 count. Roland Nester won the singles by 6-3, 6-2 count. Elizabeth Reynolds and Mary Elizabeth Meyer defeated their opponents by a score of 7-5, 6-8, 6-4. Susie Muennink was compelled to stop due to darkness overtaking her. Albert and Arthur Lacy were defeated, the score being 7-5, 7-5. The junior boys team lost 6-2, 6-1, 6-3, and 6-2.

Hondo Gets Pitching; No Fielding; Loses 8 to 3

Gathering only five hits off of the combined offerings of Clinton Grell and John Tondre, the 52nd squadron from Randolph field was helped along somewhat by the seven errors marked up against the shaky Owls' infield at College Square Tuesday afternoon.

The only earned run the air-men could make was a home-run by Walker in the sixth frame. The Owls also earned one marker on Juan Perez's triple.

The score by innings is as follows:
R. H. E.
52nd.....021 301 100 8 5 1
Hondo.....000 100 220 3 5 1
Batters: Woodyard, Wood, Choot and Reinke; Grell, Tondre and Perez.

Hints for Homemakers

By Jane Rogers

START with your windows first when you start with your spring refurbishing! Look at them with a severe eye! Are the curtains crisp and dainty? Are the window shades underneath sparkling and clean? Are they the right new color to tone in with your summer draperies and slipcovers?

And speaking of color, we've found out that the newest tone for spring and summer is green—a green of the springleaf range. Soft, muted, in tone to rest the eyes and calm the nerves—and of course to keep your rooms cool and livable. It is particularly appropriate for bedrooms to shade your eyes and that of your children from the glare of the morning sun.

Another thing we've discovered, many women are putting up double shades—that is, one color for the inside of the room and a second color, usually cream or white, to face the street. In this manner they achieve smart and complete uniformity. It is a good idea, don't you think?

A. C. Reus offers elsewhere in this paper the electric fence, an invention that keeps stock inclosed by means of an electrically charged wire. The charge is not sufficient to be dangerous to life but is proving a successful means of keeping livestock within bounds. He will be glad to give a demonstration.

Ed H. Seekatz, business man of Mico and County Chairman of the Wildlife Conservation Committee, was in Hondo Wednesday on business connected with the National Wild Life Conservation week. He was a welcome caller at this office, and left with us the article on Wildlife printed elsewhere in this paper. He wishes it again called to the attention of our readers that an illustrated lecture on wildlife will be given at the Hondo High School auditorium at 8 o'clock tonight, March 25th. Mr. Fred Starcke, director of the San Antonio Zoo, will be the speaker and his address will be illustrated with stereopticon slides. No admission will be charged, and a treat awaits all who are interested in our furred and feathered neighbors of the forest and plain.

Sheriff J. B. Arnold of Bee County, President of the Sheriff's Association of Texas, Inc., announces that the Sheriff's Association has joined with the Women's Division of the Democratic Party of Texas in a war to wipe out the Marijuana traffic which has become such a serious menace, especially to the young people. On Thursday, March 31, at the St. Anthony Hotel in San Antonio, at a luncheon sponsored by the Women's Division, there will be an opportunity to meet with Federal and State authorities on Marijuana. Only by a concerted campaign can peace officers hope to cleanse the State of the shocking crimes which result from the use of this narcotic. This invitation is extended to any public spirited citizen who wishes to avail himself of the opportunity to attend the conference.

HOME-BAKED PIES STILL AMERICA'S DESSERT FEATURE.

Bread and rolls may sell like hotcakes at the bakery but critical families demand pies fresh from the oven in mother's kitchen if figures tell any tale.

In a recent survey made in a test city of 100,000 it was found that 94.5% of its homemakers prefer to make and bake their own pies.

These same homemakers declared that the convenience, efficiency, and the controlled and evenly distributed heat in the ovens of their modern gas ranges has kept the baking ball rolling well along into this 20th Century, despite the many opportunities to purchase ready-baked pies in package form.

Every woman enjoys performing sleight of hand tricks with pastry when the occasion warrants something unusual. Now that she probably has an automatic refrigerator in her kitchen ever-ready to freeze ice cream, she will want to try her luck with this paradoxical pie—hot but frozen:

Apricot Snow Pie
4 teaspoon cream of tartar
3 egg whites
6 tablespoons sugar
1 9-inch pastry shell, baked and cooled
1 can apricots (No. 2½)
1 pint vanilla ice cream frozen hard

The ice cream may be frozen in the home refrigerator or purchased at the corner drugstore, accordingly as the time element permits. The next procedure is to add cream of tartar to egg whites, beating them until stiff but not dry. Add the sugar gradually, beating until dissolved for a fluffy meringue.

Line the cooled freshly baked pastry shell with the well-drained halves of apricots. Cover the fruit with the stiffly frozen ice cream, topping the surface thickly with the meringue. Bake in the oven preheated to 425 degrees Fahrenheit for about five minutes until lightly browned. Serve at once.

NEW SOPHIE LANG ADVENTURE

Sophie Lang—played by Gertrude Michael—most dangerous, beautiful and clever of all jewel thieves, seeks another adventure in the Paramount film, "Sophie Lang Goes West", which will show Monday and Tuesday at the Colonial Theatre. The cast includes Lee Bowman, Sandra Storme, Larry Crabbe, Jed Prouty, Robert Cummings and Barlowe Borland. The story concerns the theft of the world's largest diamond, and the action centers around a Hollywood movie studio.

"THE BUCCANEER" IS SWASH-BUCKLING SAGA.

Fredric March and Franciska Gaal head the cast of "The Buccaneer", swashbuckling saga taken from a little known page of early American history, which shows Wednesday and Thursday at the Colonial Theatre. A splendid supporting cast includes Akim Tamiroff, Margot Grahame, Ian Keith, Spring Byington, and Douglas Dumbrille. "The Buccaneer" is characterized by a historical background, abundance of action, a vein of romance and a sprinkling of comedy.

INVITED TO SINGING FESTIVAL

San Marcos, Tex., March 21—Hondo High School has been invited to participate in the big Singing Festival which will be held at Southwest Texas Teachers College here on Friday and Saturday, April 8 and 9.

Over one hundred high schools in Central Texas were sent invitations to attend the Festival, the first of its kind sponsored by the college.

The purpose of the Festival is to promote the growing interest in high school choral, quartet, and solo singing. Each school may make entries in one or all of the following: boys' glee club, girls' glee club, mixed chorus, boys' quartet, girls' quartet, mixed quartet, and tenor, bass, baritone, soprano or contralto soloist.

H. Grady Harlan, head of the college voice department, will direct the activities during the Festival. The performances will be judged by competent musicians from prominent music department in schools throughout the state.

STARS AND BARS ON U. S. COINS

For the first time in the history of this nation the Stars and Bars of the Confederacy appear on a United States minted half dollar. A replica of the Confederate flag appears on the commemorative half dollar issued by the U. S. government to commemorate the 75th anniversary of the Battle of Gettysburg and the final reunion of the surviving veterans of the war between the states. The coins, limited to an issue of 50,000, sell for \$1.65 each. They are available through the Pennsylvania State Commission, Gettysburg, Pennsylvania.

NO HOLIDAY FOR DEATH.

Last year accidental deaths in the United States declined 4 per cent from 1936. But there's nothing in that to cause us to throw out our chests—Nature, not man, was the cause of the drop. The mild, cool summer, according to the National Safety Council, was responsible for almost all of the decline, inasmuch as heat deaths were 4,500 below normal.

In fields where man is the governing factor, the death and injury total, with the exception of home accidents, continued to rise. The greatest killer of all time, the automobile, claimed 4 per cent more victims than it did in 1936, for a total of 39,700. Occupational deaths climbed 6 per cent, to 19,000. The grand total of deaths from all accidental causes was 106,000—with 375,000 persons permanently injured and 9,400,000, 8 per cent of the whole population, temporarily injured. The direct cost of these accidents is estimated to have reached the staggering total of \$3,700,000,000.

There is 1937's accident record, expressed in cold figures. It is bad enough looked at that way. It is infinitely worse if you regard it in terms of human values—mutilated bodies, widowed mothers, orphaned children, blinded and crippled individuals, gore and carnage. And perhaps the most sombre reflection of all is that 90 per cent of the accidents were in all probability easily preventable—somebody was careless, somebody was ignorant, somebody took a chance, and there was no holiday for death.—Industrial News Review.

Lieutenant Clemens K. Wurzbach visited his parents, Mr. and Mrs. Otto Wurzbach, at Rio Medina last week-end. He flew a plane from Barksdale Field, La., to Kelly Field in about two hours Saturday and after his visit returned to his station the same way Sunday evening. He is a graduate from the flying school at Kelly Field and since his station at Barksdale Field has made test flights to Florida and Denver, Colo.

Hondo has a new agent at the depot, Mr. Black having been transferred here from Sanderson by the company. Mr. and Mrs. Black and son arrived here the early part of the week and are temporarily domiciled at the Baptist parsonage. He assumed his duties at the depot yesterday. Mr. Black is a veteran in the service of his company and comes to his new post well qualified in experience. The Anvil Herald takes pleasure in welcoming him and his family into the business and social life of our community.

Game Warden Robert Mauermann informed us that a truckload of white bass was brought from Lake Dallas and liberated in Medina Lake on Thursday of last week. He said the fish belong to the Sea-Bass family and are commonly called White Lake Bass. The white bass is one of the several genera found in fresh water and is found throughout the Great Lakes region from the St. Lawrence to Manitoba, and south in the Mississippi Valley to Ouachita River in Arkansas. It reaches a length of a foot to 18 inches and a weight of 1 to 2 pounds. It is a good food-fish and ranks well as game-fish. The body of the white bass is silver with about five golden stripes. Mr. Mauermann said that the same size limit and legal protection would hold for these white bass as for regular bass, eleven inches being the legal size.

NEW FOUNTAIN YOUNG PEOPLE MEET.

The New Fountain Young People met at the home of Geo. H. Wiemers on March 8th for their monthly business meeting. The session was opened with a song followed by repeating "The Lord's Prayer". Then a few songs were sung to the accompaniment of a guitar, and a harmonica solo was given and enjoyed by all.

The roll was called with 25 members and 7 visitors present. One new member was received. After the business session a plate lunch was served and then a number of interesting games were played and enjoyed.

Miss Lillian Wiemers will entertain the Young People next month.

Last Sunday twenty of the Young People went to Uvalde to attend the Blue Bonnet Union meeting. They enjoyed an inspiring sermon preached by Rev. P. E. Lancaster, his subject being "Challenge of Youth today". Lunch was served in the Educational building. At 2 o'clock we again met in church where the Uvalde Young People rendered a short but interesting program, after which followed the business meeting of the Union. Everyone went home feeling the day was well spent.

The next Union meeting is to be held in New Fountain some time in June.

One of the Crowd.

NEW FOUNTAIN MISSIONARY SOCIETY.

Mrs. T. G. Wiemers was hostess to the New Fountain Missionary Society Wednesday, March 16. Mrs. Hy. C. Muennink was the leader of the program for the afternoon. Call to worship was given by the leader, as well as the reading of Meditation Thoughts from 1 John 3: 11, 14, 17, 18.

Hymn, "Work for the Night is Coming", was sung. The leader also read the scripture, Mark 2: 28; 10: 13-15.

The meditation talk was given by Mrs. F. Stiegler. A playlet, "Methodist Women Building Their Own Communities", was given by Mrs. Hy. Muennink and Mrs. C. F. Schweers.

Mrs. F. Muennink gave "Winning an Election". "A School Bus Builds Church Attendance" and "A Dental Clinic for Negroes" were subjects discussed by Mrs. J. Schweers. "Activities in Arizona and Temperance Work is Growing" were given by Mrs. J. E. Muennink.

Mrs. Robert Riff presented "A Council Letter Brings Results", and Mrs. T. J. Wiemers gave "Industrial Plants Visited".

The program was then turned over to the president who took charge of the business session.

It was decided to have a cake sale in the near future.

After being dismissed, a delicious plate lunch was served to thirteen members and four guests.

The next meeting will be held in the home of Mrs. Hy. C. Muennink.

CONCERT BY TEXAS LUTHERAN COLLEGE CHOIR.

Sunday School 9:00 A. M. St. Paul's Lutheran church announces that the A Capella Choir of Texas Lutheran College will appear in concert at Hondo on Sunday, March 27, 1938 at 10:30 A. M.

The A Capella choir of Texas Lutheran College is now in the ninth year of its existence. Ever since its inception the choir has consistently adhered to one purpose, namely, to sing and interpret as artistically as possible the best in sacred music, particularly that of the Lutheran Church. That this aim has been a worthy one is evidenced by the fact that wherever the choir has appeared on its regular annual tours, critics have been enthusiastic in their praise. Some have called it "the finest college choir in the state of Texas"; others refer to it as "the St. Olaf Choir of the South".

The choir is not a professional organization but is composed of boys and girls of junior college age, most of whom are pursuing regular college courses. Few of them have had more than a very moderate amount of voice training. Yet listeners are always impressed by the beauty of tone, the freshness of youthful voices, the sincerity and spiritual fervor expressed in sacred song.

The choir is composed of forty-four voices selected from the student body. Since the college is a two year institution, more than half of the membership is lost to the choir each year, and must be replaced by new material. According to the director, Prof. H. L. Gibson, the explanation for the fine reputation the choir has gained is simply hard work, patience and persistence, attention to details, enthusiasm and whole-hearted co-operation.

The personnel of the choir is as follows: Soprano; Edna Sandstrom, Mrs. W. F. Kraushaar, Neida Hopman, Hazel Wilson, Doris Seay, Joyce Caraway, Ambra Hester, Ruby Lee Jacob, Esther Haugen, Margaret Solmsky, Frances Duderstadt, Ruth Gromatzky, Nora Drusedow, Jesse Caroline Schulz and Rose Ida Sprain; Altos, Esther Lee Newmeyer, Edith Olson, Henrietta Ehlo, Gene Gustafson, Harriet Bohls, Agnes Holm, Gretchen Kraushaar, Pauline Serger, Dorothy Anderson and Betty Nan Weinert; Tenors, David Durkop, Victor Haag, Walter Gromatzky, Hugo Haterius, Elmer Christianson, LeRoy Stroman; Basses, Clarence Diebel, Ernest Lindig, Edmund Diphio, Paul Kampfe, Francis Haag, Winfred Strenholm, Alton Pagel, Ernest Meier, August Wolff, Paul Koerner, Pros. Wm. F. Kraushaar, Delmer Dolton and Otto Becker.

BOY SCOUT ACTIVITIES.

Much interest has been displayed in the Alamo Area Council, Boy Scouts of America, District First Aid Meets, which are being held preparatory to the Sectional Meet to be held in San Antonio on April 16th, following the Council-Wide Meet on April 2nd, also in San Antonio. Districts One, Two, Three and Four in San Antonio have completed their eliminations, and will participate in the Council-Wide Meet.

The American Red Cross has been very cooperative in furnishing the problems, Judges, Timekeepers, Recorders, Floor Managers and Doctors in each event, and the 1937 American Red Cross First Aid Text Book has been used as the official guide on all First Aid Training and procedure.

All problems are dramatized and each team has a patient to work on. The injuries are visualized and then treated, therefore, stimulating the boys' imagination, and the repeated handling of various emergencies gives him the practical training to accumulate the necessary care, skill and alertness to alleviate great suffering or save a life. The problems all deal with a "true to life" setting with which the contestants are familiar. They are set around the home, in school, on the highways or athletic fields or similar familiar locations. The injuries described in the problems are the more usual ones likely to happen in the places described.

First Aid deals with the care of people who are injured. They may have injured limbs, be bleeding from cuts or wounds, or be suffocated or suffering from shock. If not handled properly their injuries may aggravate or cause death. Therefore, the Boy Scout is thoroughly skilled in First Aid before undertaking the treatment of an emergency case.

COMMISSIONERS' COURT AGREES TO BUY HIGHWAY NO. 3 RIGHT-OF-WAY.

Action is Contingent Upon Commissioners of Medina County Co-operating in Buying Land in that County.

Uvalde County commissioners' court, in regular monthly session Monday, passed a resolution agreeing to sign a contract with the State Highway Department for the purchase of right-of-way needed for proposed changes in Highway No. 3 in the eastern part of the county upon the condition that Medina County co-operate in the program by similar action.

The resolution was adopted following appearance before the court of a delegation of chamber of commerce and civic officials and citizens.

A. B. Mayhew, one of the spokesmen for the group, orally petitioned the court to take necessary steps to build the highway south of the railroad from Sabinal to the county line.

H. P. Hornby pointed out that the proposed changes would eliminate six or eight curves, a section of winding road and two railroad crossings. Hornby also mentioned the contemplated building program of the Highway Department in Uvalde and Medina counties. This program would cover that part of the highway from a point just west of Uvalde to the Medina river at Castrovilla where a new bridge is to be constructed across the stream and the highway location changed so as to eliminate several sharp turns and other traffic hazards. In Uvalde County the program includes the widening and lengthening of the Cook's Slough bridge just west of Uvalde.

The stretch of Highway No. 3 between Uvalde and Castrovilla is recognized as one of the worse in Southwest Texas from the viewpoint of traffic hazards.

Mayor J. H. Ashby, Jr., addressing the court, stated that the proposed widening of Main street in Uvalde is one of the items in the building program. This is one of the most-needed improvement on the entire length of the highway. The city will co-operate to the extent of approximately \$10,000 in this program, and has almost completed negotiations for the necessary right-of-way and work should start some time next month on the project.

County Judge Walcott pointed out that it would be useless for Uvalde County to make arrangements to purchase the right-of-way on Highway No. 3 east of Sabinal unless Medina County took similar action. "Otherwise, we might build a short stretch of highway out there and have a 'dead end' to it," he told the delegation.

The resolution, adopted after the delegation had retired, was as follows:

"Motion made by John D. Sutherland, duly seconded by Joe W. Davis, as follows:

"Be it resolved by the commissioners' court of Uvalde County, in regular session met, that this court will sign a contract with the State Highway Department to purchase necessary right-of-way for the proposed change of State Highway No. 3 in Uvalde County, when and if Medina County commissioners' court complies with the request of the State Highway Department to sign such a contract to purchase right-of-way for the proposed changes in said highway in Medina County, it being the opinion of this court that in order to carry out the plan of the highway department in respect to said Highway No. 3 that it is necessary to obtain assurance that the entire plan be carried through to fulfillment.

"Motion carried unanimously."—The Uvalde Leader-News.

MEDINA WILDCATS SHOW SOME OIL.

Medina County is again in the limelight with two wells expected to come in any moment and a third wildcat getting underway. J. B. Scroggins of Dallas who started the No. 1 Ball in the Mary E. Gage, Survey No. 395, back in 1933 recently turned part interest in his block to the D. K. J. Oil Company, who have deepened the well from 1,775 feet to 2,024 feet in the Trinity, where it is showing tubs of oil and gas. The test has run tubing and operators expect it to blow in any moment. This test is about six miles northeast of Castrovilla on block assembled by Mr. Scroggins who carried the well to 1,775 feet where it has been shut down until recently taken over by the D. K. J. Oil Company. Mr. Scroggins retained one-quarter interest in the block of around 480 acres. This looks like the next oil field for the San Antonio district at present.

Trentman Oil Corporation of Fort Worth, No. 1 Carle, 12 miles south of D'Hanis in the V. N. Johnson Survey No. 72 1/2, is also showing for a possible discovery well at around 1,840 feet in lime topped around 1,770 feet, which is said to carry a good saturation and odor of oil. Casing is to be set also in this well for production test with operators confident that they have a producer.

A. D. Castin is starting a most interesting wildcat in Medina County, the No. 1 Senne, located eight miles south of Hondo on the Yancey Road. The well is located in the J. F. Torrey A. C. & H. Survey No. 105 and is 900 feet from the south line and 150 feet from the east line of the tract. The test is rigging up and is projected to 1,000 feet or the Navarro.

The No. 1 Senne is north of the Ina Oil Company's No. 1 Hoffman drilled some 10 years ago, which lost the hole at 2,026 feet in the Edwards and which had a very good showing of oil at 855-67 feet in a grey sand. The test was junked and abandoned and operators were unable to plug back and test the shallow showing, which is the main objective of the

BROILING IS THE EARLIEST KNOWN FORM OF COOKERY, AND MUST HAVE LIVE FLAME AS IN MODERN GAS RANGES.

WATERMELONS WEIGHING 275 LBS. HAVE BEEN GROWN IN TURKESTAN.

About 2600 B. C., the silk industry was begun in China, and silk sold for its weight in gold in Greece and Syria. Death was the penalty for anyone who attempted to smuggle silk worms out of China. Two monks, by the use of bamboo staffs, succeeded in taking the precious silk worms out of the country in 550 A. D., at the secret bidding of Emperor Justinian.

Broiling began when cavemen put seeds and meats into the hot ashes. Through the years this appetizing way of preparing steaks and chops has gained in popularity. This cooking method is perfected in modern gas ranges, which provide the necessary live flame. Broilers are smokeless, and easy to clean, and the gas flame directs uniform heat upon the food in the broiler.

No. 1 Senne. The elevation of both wells is 762 feet. The No. 1 Hoffman which was carried to the lime topped the Anacacho at 1,328 feet, Chalk 1,638 feet, Buda 1,770, Del Rio 1,830 feet and had the lime at 2,026 feet where the hole was lost. —San Antonio Express.

Gauges Tell What Happens in Axle Under Load

By means of this unique test on a passenger car rear axle, set up in the laboratory of the Chevrolet Gear and Axle Plant in Detroit, twelve gauges measure every possible deflection assumed by the parts in the rear axle under a given load condition. A weight is hung on the end of the drive shaft that corresponds to a maximum load on the axle during actual driving conditions. All movements or deflections of the drive shaft, pinion and ring gears, and axle shafts are then read simultaneously. Such minute and constant checking results in better mounting of bearings, that serves to prolong axle life and insure more satisfactory service. In this picture are Leo B. Olick (left) and Jack Kelly.

OUR WILDLIFE HERITAGE.

Continued from Page 1

ers were not willfully ruthless. The wildlife was so abundantly distributed throughout the land that the thought of its exhaustion probably never once entered the minds of those doing the hunting. They were interested in demonstrating their skill as hunters and hunting skill of the highest kind was necessary to secure what was considered an ample bag in those days. In truth, they were matching their skill as hunters against the skill of other hunters in much the same way that we match our football teams today and the desire to win was as great in them as hunters as is our desire to win in football. It is possible we inherit our desire to win in all our games from this source. This slaughter, however, coupled with the destruction of the natural habitat of our wildlife as the lands of Texas were gradually changed from prairies and woodlands to farms, has resulted in the picture as we see it today.

You can see a buffalo in one or two zoos or on the Goodnight ranch in the Panhandle. Of the countless thousands of antelope that roamed our western prairie lands, less than seventeen thousand remain by actual count. The deer and turkey remain only in those areas where they have been rigidly protected. Our streams are loaded with silt from eroded farms and fishing is rapidly diminishing. The wild pigeon is entirely extinct. A count of the prairie chicken has just been completed and eight thousand eight hundred alone remain out of the millions that once populated our State. Ducks and geese were reduced so alarmingly that rigid laws had to be passed to protect them from extinction while, of recent years, the friendly Bob White quail has been waging a losing battle in its fight for existence.

Five years ago the leading conservationists of the Nation formed a Federation of all groups of people interested in saving our wildlife from extinction. The first step was a research investigation that we might learn what we must do in order to save this wildlife heritage. After five years of unremitting toil it has been proved that the way to restore the wildlife of the State and Nation is by restoring the natural habitat of the wildlife. By restoring the natural habitat we mean that we must restore the supply of food they need for their existence and the cover they need for their protection. For instance, the Bob White quail lives largely off the seed of certain weeds and requires the protection of a plum thicket or a thicket of trees similar to the plum thicket with which we are all familiar. Experiments have been made showing that if these weeds are provided near such a thicket of trees and the quail are put there they will not only thrive but will actually multiply to the limit of the food provided, and the protection afforded. What does this mean? Simply that we can use fence-corners on farms near thickets and have quail in abundance. And experiments being made on all other types of wildlife that have not become extinct show the same thing namely, that the way to restore the wildlife is to restore the natural habitat and put the seedstock there. Nature will do the rest.

Our forefathers found a land teeming with wildlife in such an abundance that it was thought it would never be exhausted yet, in less than four generations, some of our species have been brought to extinction, others are bordering on extinction and all forms have diminished so alarmingly that it has become necessary to prohibit their destruction by law lest they, too, become extinct. We have wasted our heritage of wildlife and it is now necessary that we band ourselves together to restore it before it is entirely gone.

Is it a heritage worth saving? Student of economics tell us that even in its depleted state it was worth \$93,000,000 last year. The Biological Survey of the Federal Government estimates its worth to the Nation as well in excess of a billion dollars a year. It is a heritage worth restoring and, due to the scientific research to which I referred above, we now know what we must do in order to save it and to restore it to its former usefulness.

Quite naturally, you ask yourself the question: What can I do to help? Here are a few things that school children in Texas are doing. They are banding themselves together and working with farmers under the leadership of the Vocational Agricultural teachers and the Agricultural Agents of the Extension Service of the A. & M. College of Texas in restoring the natural habitat of birds and animals in unused spots on farms. They are joining societies and learning how to restore various kinds of wildlife. They are assisting in promoting the activities of Wildlife Week and thus arousing interest in this work and, finally, they are helping in the sale of wildlife stamps to the end that those of us who are working for the restoration of our wildlife may have funds with which to work.

This is your heritage; let us restore it.

QUIHI NOTES.

Genesis, chapter 27. "A Quick-sand of Deceit" or Knavery and Trickery for a Father's Blessing.

What a chapter! A literary classic in form and style, profound in genuine pathos, realistic to the core, and of unsurpassed climax. Were it only that. But in moral substance and principle it is brittle, sad, repulsive. It unfolds a sorry piece of religious night-life, an orgy of cunning deception, a grimy page in the family-album. The victim is an aged, almost blind father and a headstrong, though easy going, son; the perpetrators are a shrewd, wilful mother and her blind tool of a son; and, contrary to the general run of things, the wicked seem to win, win gloriously. And again the adage seems to hold water, that the end justifies the means. Little surprise, that the scoffers point an accusing finger at everybody everywhere in the religious world. That's the way they are; point that finger at the blemishes in the life of Abraham and Lot and David and Solomon and Elijah, down to Judas Iscariot, denouncing the whole church, head and tail. Little surprise, that many bow their heads in shame, how the offense of a few—at any time—brings discredit and desecration upon the whole church. And the main charge seems to fall on the shoulders of the Lord for not preventing such an outrageous transaction and travesty on all religious sincerity. It will not do to tear out that chapter; or to hush it up and pass over it lightly, reminding the blatant scoffers of the blotches in their own family history or record. Facts cannot be erased, they must be faced. Let's do it, a little less fault-finding and a little more fact-finding. It may show a deeper, a consistent under-current; no excuse, but extenuating circumstances, clarifying motives that may lift the matter from the coarse category of larceny or premeditated felony. Had the old father forgotten that the blessings of the first-born were designed by God for Jacob; that Esau had forfeited this blessing? Why does he promise it to Esau? Why does Esau expect to receive it and thus rob his brother Jacob? Did that resourceful (?) mother not just then remember the promise of the Lord, "The elder shall serve the younger", and in her own strategy try to frustrate the father's and older son's unjust intentions, willing to bear the consequences? Did she not merely intend to be the handmaid of the Lord? And did Jacob not merely lend a helping hand in securing what was coming to him, legally and by divine promise? Did not both fear the ruthless hand of Esau, in deciding the issue by argument and force? No, the Lord did not approve of their tactics. The punishment followed. Isaac lost out, so did Esau; Jacob went through a rude school of discipline in a strange land, and the mother saw her darling son nevermore. This holy record of God does not "bunk" or idealize its men and women, as most biographies do, but depicts them as they are; no saints, but poor sinners living from the grace of God. Their sins are neither quashed nor displayed for an excuse to the lewd and godless, but rather as a grave warning to the staunchest. Watch and pray, that ye enter not into temptation.

Our Lenten services have a fair attendance. Some are coming from afar. Have you been there? Not for the preacher's, but for the Lord's sake? We invite you. Your deepest and most valid interests have driven Him to Calvary. How would you treat a man who saved your life? Just pass him by? Christ has done more for you. Next service on March the 30th at 8 P. M. Try to join the worshippers.

On April the 8th our Ladies' Aid will meet again at the parish hall. May you all be well enough by then—some ladies are still ailing—to attend. Your friend and neighbor, if not affiliated elsewhere, is likewise kindly invited.

Thanks to the fifteen ladies and two gentlemen and their energetic labors, we have the church building and the parish hall in fine condition again. Their faithful work, I'm sure, is appreciated by the whole parish. The others, no doubt, will make up for it next time.

We had quite a deposit of hailstones of various calibre the other night. For a while it looked and sounded seriously, and minor damage may have been done, here and there. Indeed, we are grateful for having been spared a grievous loss. Are we?

Announcements for March the 27th: German service at New Fountain at 10; Sunday school and Junior Bible class at 9:30; English service at 7:30. The invitation goes out to you and your family.
